 - iii. *Dock Bay #208 – 42 yard Compactor:*
 1. *RJ 225 / Model #318550 / Serial # 8-25-04 / Date of MFG. 2000-03*
- c. **Are you using a compactor monitor or a pressure gauge to determine fullness?**
 - i. *We are using a pressure gauge to determine fullness of each compactor*
- d. **Does our exiting Composting Facility accept wood?**
 - i. *Only small amounts of wood can be processed at our existing composting facility. Larger amounts of wood are typically donated or reused through alternative methods*

e. Is an MBE/WBE partner required?

The MBE/WBE component of the project is a goal of the SEA, it is not a requirement.
